## REMARKS

Claims 39-46 are pending herein. Claims 1-38 have been canceled without prejudice or disclaimer.

In response to the election of species requirement, applicants hereby provisionally elect Species I (Figs. 2-4). Claims 39 and 40 read on the elected species, and claim 39 is generic to Species IA-IC, II, III, IV, V and VI.

Applicants respectfully submit that claims 39-46 relate to the connection between the planar antenna and the circuit board, and all of those claims relate to how the planar antenna is electrically and/or mechanically connected to the circuit board by inserting the "elastically deformable pins" into through holes in the circuit board. Accordingly, examination of all claims pending herein should not pose an undue burden upon the PTO or the Examiner.

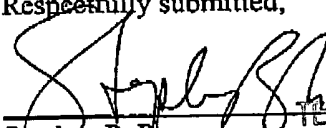

In view of the foregoing, applicants respectfully submit that all pending claims herein be examined in a single application.

Should the Examiner deem that any further action by the applicants would be desirable in connection with this matter, he is requested to telephone applicants' undersigned representative.

The Commissioner is hereby authorized to charge any additional fees associated with this communication or credit any overpayment to Deposit Account No. 50-1446.
